

Enrollment Is Lower This Year

Y Mixer To Be Held In Gym Sept. 29

Sport Clothes And Tennis Shoes To Be Worn

Committees for the Y. M. Y. W. mixer to be held September 29, in the gymnasium have been appointed and plans are being formulated for this annual social event of the year, stated Clarence Compton, Y. M. C. A. president, today.

This is free to everyone, and all those who attend are requested to wear sport clothes and tennis shoes, in order to be more at home on the gym floor.

The committees who have been appointed are as follows: refreshments, Russell White, Martha Humes; decoration, Charles Warner, Evelyn Richardson; reception, Dorothy Ensign, Austin Joy; program, Harriett Abrams, Darrel Gaebie; cleanup, John Hoy; and games, Walter Workman and Doris Rockwell.

Student President Describes New Book

More events are offered in the more modern, more complete, new Associated student book this year, according to Miner Whitford, president of the Associated students.

The books are smaller and more compact than ever before. More events are offered in them, and students should have them if they plan to enter into any kind of school functions. This includes all sports, forensics, music, drama, or memberships to campus clubs.

The books may be bought from Mrs. Hicks at the business office for \$7.

Junior Lions Adopt New Initiation Policy

A new system of hazing will be put into effect by the Junior Lions this year, and is under the supervision of Miner Whitford, sergeant-at-arms for the club, according to plans made at a meeting Monday night.

The first Junior Lion rush party will be October 3.

Besides Mr. Proctor, president, and Mr. Whitford, sergeant-at-arms, the executives include Clarence Compton, vice-president, and Austin Joy, secretary.

Scheduled Events To Come In Next Few Days

- Wednesday, September 20—Longfellows
- Friday, September 22—S. A. J. C.-Trojan frosh football game.
- Monday, September 25—Y. M. and Y. W.
- Tuesday, September 26—Tavern Tattlers.
- Wednesday, September 27—Press club.

Kiln Purchased For Pottery Department

A new kiln has been bought for the college pottery department at an expense of \$500, and is located in back of Bungalow D, it was revealed today by Miss Frances Egge.

The kiln, although approximately three years old, is in very good condition, Miss Egge continued.

Prior to this time, students in pottery had to take their pieces either to Tustin or Los Angeles to have them fired.

The first firing will probably be in October, according to Miss Egge. A pottery display will be exhibited in the library the last of this week, according to present plans.

O. K. Club To Start Year's Program Soon

Students who are attending Santa Ana college and are not living at home are invited to join the "O. K. club", or Orphan Kids.

This is a strictly social organization organized to acquaint new students more thoroughly with other students and with the school.

It is thought that more than 100 students are eligible to join the club this year, according to Miss Dorothy Decker, adviser of the club. Those wishing to join are urged to sign up in Miss Decker's office, room 34 or with Margaret Smart in the Y Book store.

A group of former members will be working next week to formulate plans for the year's activities, concludes Miss Decker.

Gauchos Sign Code Prohibiting Hazing

Agreeing to abide by the new "Code", La Compania de los Gauchos met in the home of the president, George Farquhar, at Huntington Beach Monday night. The "code" was drawn up at a meeting between the heads of the service clubs and the faculty, and provides for the elimination of all hazing of pledges in and around the school grounds. Other minor points of the code will be adhered to, also.

Since the treasurer-elect from last semester, Winston Pollard, is not returning to school, the club elected Charles Warner to these duties.

Y Will Pay Students For Books Next Week

"Students whose books have been sold in the Y Book store may get their money some time next week" stated Margaret Smart today in answer to many queries by students wishing their money immediately.

Those whose books are not sold this semester may leave them in the store until next semester, when a similar sale will be sponsored, and the books left will have first chance to be sold.

This semester's sale will last until it is felt that there is no more need for the store on the campus.

Teachers Said To Be Susceptible To "Apple-Polishing"

"Nearly every teacher is susceptible to some of the various forms of Apple Polishing," is the statement made by several graduates of this institution to entering freshmen.

The peculiar thing about these "personality sellers" is that they are, for the most part, more brilliant than the ordinary student, and usually have at least a "2" average.

If you think you are smart, and are, you should be too smart to try Apple-polishing: If you're dumb, and know it, you know you aren't smart enough to get away with it; but if you think you are smart and aren't, God help you, because Dean Fisk won't, graduates say.

Over 100 Attend Frosh Reception

Welcoming more than 100 students of Santa Ana junior college, members of the college faculty held their annual reception at the Ebell clubhouse Friday evening.

Each guest was personally greeted by every member of the faculty in the peacock room, after which the entire group adjourned to the auditorium to be entertained by several solos. Minnaleta Popejoy sang, accompanied by Margaret Wiches Jones, and a piano duet was played by Earl Fraser and Dudley Page Harper.

Refreshments of punch and wafers served in the peacock room were planned by Lillian Dickson and Genevieve Humiston. Agness Todd Miller, faculty social commissioner was general chairman. Lella B. Watson arranged the program, and Mrs. Eleanor L. Northcross secured the clubhouse for the occasion.

'Good Crowd Attends Dance' Says Miller

An unusually large crowd attended the first noon dance of the year yesterday, according to Miss Agnes Todd Miller, faculty social commissioner.

A spirit of democracy was noticed among the students that is much better than last year, continued Miss Miller, and old students mingled with new ones so that everyone thoroughly enjoyed the hour.

Students May Offer To Work on Yearbook

Students interested in work on Del Ano, college year book, are asked to report to Gene Thompson, editor of the publication.

Del Ano is published toward the end of the year, and contains pictures and writeups of all campus organizations, or a complete history of the year's activities throughout the college.

Decrease Due To Increase In Jobs

Figure Will Rise As Many Begin School Late

School began activities under less enrollment than last year at this same time, according to Miss Mabel G. Whiting, registrar of Santa Ana college.

The attendance has dropped between 90 and 100 students. This is not the final total, as new students are registering all the time. The office believes that this may bring the total up near to that of last year.

Freshmen Largest Class
Freshmen compose approximately half the entire student body, with Sophomores, Post-graduates, and special students making up the other 50 per cent respectively. The total number of students registered in Santa Ana college up to last Friday night was 676. The final total last year was 763.

D. K. Hammond, president of the college, said, "A few have found jobs and are not continuing school for that reason. A great number of those who (Continued on page 4)

Bachelors To Initiate Bates As Chaperone

Initiating of the new adviser, Dr. Murray Bates, will be the chief event of the next Bachelor meeting, which will take place sometime between now and October 2, according to Bruce Handy, president of the club.

A new system is being instigated by the Bachelors whereby alumni of the organization may attend all meetings and participate in all functions, only being denied the vote of regular members, Mr. Hanby continued.

Sophomore Class To Meet Tomorrow Noon

There will be sophomore class meeting tomorrow at 12:45 in room 11 for the purpose of nominating class officers and organizing the upper classmen, according to Bill McDaniel, who was president of the Freshmen class last semester.

All Sophomores who can possibly do so should attend this meeting, as it is very important for the Sophomore class to be organized.

Boy and Girl Find Proper Hygiene Class More Suitable

Santa Ana college has two unusually daring students on its roster, if their registration in hygiene classes is any indication.

A boy registered in the girl's hygiene course, and a girl signed up to be with the boys in their health class. They insisted that it was totally the fault of the office that it happened, and after one day in the class decided that the proper course would suit them better.

EL DON

"With one aim—to serve student and college."

The official publication of the Associated Students of Santa Ana Junior College, Santa Ana, California. Published weekly during the school year while school is in session and issued on the Junior College consolidation ticket, the price of which includes \$1.00 for subscription to the paper.

Entered as second class matter November 9, 1927, at the post office at Santa Ana, California, under the act of March 3, 1879.
Published in the school print shop on the campus and edited by the journalism class of the college.

Get Into The Spirit!

You may be only a lowly Freshman, or you may be a high—falutin Sophomore. But, whatever you are get into the spirit!

Get into the spirit of the school. If you are a freshman, help and do your part by wearing your "beanie". If you are a sophomore, see that you help the freshman with their trails and tribulations.

School spirit is what makes college "go over". Start now to get into and carry on S. A. J. C.'s true school spirit.

Friendship

Going to college and making good grades doesn't mean very much to a student if he has missed the warmth of the friendship of the faculty and other students. One doesn't realize just how much a friendly atmosphere of a school means to a new student, until one has actually had the experience of entering a strange school in a strange town without a single acquaintance to his credit.

At the Santa Ana Junior College, however, there is a marked spirit of friendliness in both student body and faculty. This may be due to the size of the college itself, but more likely it is due to the cooperation of both the student body and the faculty in their common aim to make this one of the most friendly of campi.

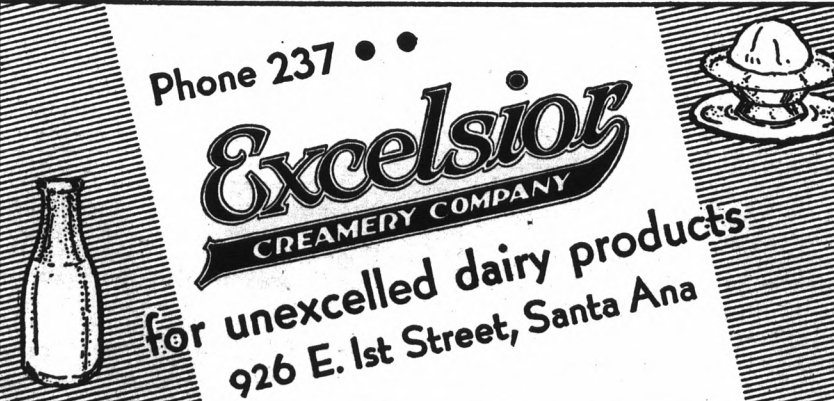

Red Caps

Red caps—some perched on the back of the head; some towards the front, others tilted to one side and still others placed squarley and firmly at an even angle. What do they mean? What is their symbol? They seem to produce an air of gaiety, of care-free youth and of a fun-loving spirit; but, we ask is there not a deeper symbol behind these caps, these bits of flashing color which help so to brighten the heaveniness of a foggy morning? And we pause a moment to consider.

The youth finishes high school; the world and his life is before him. Paths lead in every direction and he must choose his own particular way. He is his own master now and whatever road he selects is of his own doing and his own personal problem. But, all is strange and he is bewildered, self-conscious, afraid and reluctant. However, he has an ambition to go on, an eagerness to accomplish and a desire for recognition. So he dons his red cap and walks across the campus to his next class.

No sooner has he started across the campus than he meets a score of other red caps at every turn and he is conscious that there are others in the same predicament and is relieved that he is not alone in his wanderings. The sight of another red cap gives him the same feeling of security which the stranger experiences when he meets one of his fellow-countrymen on the streets of a foreign city. We sincerely hope that you will recognize the other red caps which you will meet as you travel the roads and will thus feel at home wherever you go.

Doings of Dons

BY GEORGE FARQUHAR

This is going to be a dirt colyum, devoted exclusively to the task of "getting something" on anybody and panning everybody.

Roy Wheeler comes to school just often enough to get his fan mail from the bulletin board. And then, again, I hear that the chances are even up that Roy will return for his fifth year and take a course in advanced accounting.

Any of these men and women that you see walking around as though they own the school are only three year students (or more). Incidentally, they are harmless.

Lucy Harper is back with that man, Art Casey. Lucy has Freshie twin sisters, Helen and Hazel, who will provide a lot of entertainment fooling the sophomore boys.

Johnny Wells is still running around playing postoffice.

Le Ora Hatch will have to carry on the promiscuous flirtations of her little sister, Dot "Baby Bear" Hatch, who is now a working girl—due to the NRA (no relaxation allowed).

Wanted: Somebody to look after Flo Campbell since beeg brother Bill is busy operating a service station.

The beanies are a real hit. Freshies who now wear them with chagrin and even noticeable embarrassment will, in later years, produce these selfsame beanies with no little display of pride.

Football prospects look promising. Harold Welty, last year's star quarterback is back, but will find plenty of tough competition in that hot shot from Garden Grove, Young Hapes. Porky Bell will be on hand for just about anything that Coach Bill Cook needs him for. Unshaven Bill Bouldin is hanging around and wants to play, too.

Bruce Handy will bolster up the line at the pivot berth, while Ray Hoar and Captain Bomo Koral will prove reliable veterans at the tackles.

Beanies For Greenies

Beanies! "The first with the latest." Isn't that a famous quotation from some place? It sounds familiar. Anyway, just now we'll refer it to the fact that Santa Ana is the only place that makes its girl frosh wear those old Beanies. (The meanies!) "Beanies for Greenies!"

Nearly always before, all the freshmen (and women too) have worn cute little green buttons with "Freshie" written on them; but in the year 1927 the Beanie idea was tried, and abandoned because it was thought to be too radical.

Anyway, there is a consolation to everything (even bridge prizes), and the freshmen have one here.

Over the Editor's Desk

BY JAMES TORRENS

Plans are under way to have a dance after the football game next Friday night, if it can be arranged, according to business transacted in the board meeting last Monday noon.

Many people think this is a good idea, and it will be, if the dances are attended and students act like ladies and gentlemen. At this writing, it is not certain whether or not the plan will be carried out, but if it is, students are urged to attend after the Friday night game in the bowl.

It has been rumored that some of the Freshmen football players think it is beneath their dignity to wear their beanies along with the "lessers" fellows.

No doubt these Ajaxes are of priceless value to the school as football players, but as freshmen, they are just on the same plane as others. Therefore, they are warned that if they do not conduct themselves according to their specie something that might be drastic will happen to them.

DON SPORTS

Birdies

BY PEGUES

A COMEDY OF ERRORS

Every year about this time that so-called "school spirit" flourishes with profusion on every school sports sheet published. Newshounds outdo each other with their hey-nonny-nonny-hotch-cha-rah-rah (hooley-hooley) ballyhoo of the "best football team in the school's history."

But it doesn't ring true! Last year's "El Don" sports editor laid it on thick with "chances for an all-conference eleven look very promising."

Nerts! Santa Ana finished with four defeats against two wins.

TROUBLE IN PARADISE

Right now there is more trouble brewing for ye olde sports scribe. The Dons have better material than last year—and more of it, but we're afraid to say much.

Two years ago in Coast League (high school) circles, Alhambra and Pasadena were figured to be "in at the kill," with Glendale the "maybe" team of the circuit. Santa Ana Hi had "good" material, a new system, a nifty passer and punter in their captain, "Toy" Blower, but still without a winning punch.

The Saints romped through their schedule without losing a game.

RIVERSIDE ON THE SPOT

Now, in the Eastern Jaycee Division, Riverside, three year champion, and Chaffey's Panthers are picked to decide the title between them. (Continued on page 4)

Dons Meet Trojan Frosh Here Friday Night at Municipal Bowl

KELLER, SUTHERLAND, FISH, KIDDER, HINESLY TO PERFORM FOR CRAVATH UNDER ARCS. HERE; HAPES ON BENCH?

Santa Ana Junior College's Dons and the University of Southern California's Freshmen pry the lid off the local 1933 football campaign under the arc lights at Santa Ana's newly renovated Municipal Bowl Friday nite, September 22. Game time is scheduled for 8:00 p. m.

Previously the honor of giving the sporting fraternity their first taste of local football has usually gone to the high school, the Dons meeting Troy's peagreenies in a preliminary to some S. C. varsity game in the Coliseum.

Cravath Coaches Frosh

Jeff Cravath, former Santa Ana Hi football great, is the new head coach of the Trojan first year men. His two chief lieutenants are Ernie Smith, U. S. C.'s All-American tackle last year, and Harold Hammack, another three year veteran of Howard Jones'.

According to reports Troy had the largest Freshman turnout in years when suits were checked out last Saturday to over seventy Southern California prep star graduates including Allan Kidder, captain and fullback of Santa Ana Hi's Coast League Champion Saints of last year, and Theron (Killer) Keller, 190 pound fullback from Inglewood's Southern California champions of '32. Heba Fish, 189 pound blocking halfback, and Jim (Suds) Sutherland, 165 pound quarter, both regulars on the Inglewood champion eleven also checked out suits with the more famous Keller.

Paul Wing, 185 pound backfield ace from Pomona Hi's league champions also enrolled as did Doug Hinesly and Clair Preininger of Santa Ana.

Bill Cook now has over fifty candidates from which to pick his starting line-up following the appearance of

Zeno Shelley, Horace Ritner, and Harry Ogawa. The latter is the only one of the three new to the Santa Ana institution.

Ray Hapes, first string prospect from Garden Grove, injured his knee going after a pass when he ran into Sam Tucker at practice late last week. Hapes has been on the sick list for the past few days, but he is expected to be ready for duty Friday nite.

Out-of-Bounds Rule Speeds Up Football

Each year the National Football Committee concocts a new or nearly new set of playing rules. This pigskin season finds the blood-sweating behemoths with one more added protection—a new rule.

The new rule is not principally for the saving of skin or bruises, its purpose consists in speeding up the game. As stated it reads: When the ball is downed within five yards of the sidelines it will be moved ten yards from the sidelines. No more wasting of time on out of bound plays.

Six of last year's rules will be stressed again this year:

1. No free use of hands on head by defending lineman.
2. Flying block and flying tackle (Continued on page 4)

Women To Open Sports Program

Girls are urged to turn out for basketball season which opens Monday by Miss Alverda West and Miss Zena Leck, physical education instructors. The sport will be held on Mondays and Wednesday from 3 to 4 p. m.

Squad teams will be formed this year instead of first, second and third teams in order that all girls may have a chance to play, Miss Leck announces. Tennis and swimming, individual sports, will be given on Tuesdays and Thursday from 3 until 4 o'clock in the afternoon.

To obtain a Block S, a girl must participate in two out of three seasons, being on two season teams and one individual team or vice-versa. Credit will be given for the number of hours practice and the attitude of the student.

As soon as sports are in progress, the W. A. A. cabinet will select managers from a list of students recommended by instructors. Members of the cabinet are Ruth Crowl, president; Evelyn Furtsch, vice-president; Marian Brownridge, secretary. A new treasurer will be elected to replace Margaret Cox, who has gone into nursing.

Lightweight Athletic Calendar Wanted Here

Ardent, but light football aspirants will have a vague (as yet) hope of realizing their gridiron dreams. Unsuccessful in starting a light weight team in the J. C. last year certain men interested have decided to try again this year.

Following several interviews, though this reporter was unable to place the blame on anyone for originating the idea, interviews indicated a real interest in the idea.

A midget basketball team having been originated in the J. C. it would seem fitting that a corresponding football machine should be started. Herebefore some erstwhile high school players have been denied a chance for football prowess.

High School Classes Smaller

Mr. Hammond went on to say that
many high schools throughout the
country have had smaller graduating
classes throughout the last two or
three years. This determines, to some
extent, the size of junior colleges.
"But, we're not worried. As a mat-
ter of fact, we could not have handled
even a 15 or 20 per cent increase as
well as we do the number here now."

Out-of-Bounds Rule Speeds Up Football

Beeman Thanks Workers

El Don staff acknowledges receipt
of the following note from L. L. Bee-
man, chairman of the Freshmen day
program.

Mr. James Torrens,
Editor of El Don:

Please allow me to express thru the
El Don the appreciation of myself
and for the faculty for the very valu-
able help given us during Freshmen
Days by many students. The success
of the entire program was largely due
to the great assistance of the stu-
dents.

Although all the names were pub-
lished last week as members of the
Student Committee, I must mention
again some who were on duty most
of the time and who were of special
service. Yourself, Mr. Torrens, Miner

Many Turn Out For Band States Mustol

More than 75 students are expected
to make up a band taking musicians
from both Santa Ana college and high
school, according to information is-
sued by S. J. Mustol today.

Those wishing to play in either the
band or orchestra may have their pro-
grams changed free of charge so that
they may do so. The band will meet
daily during the second period and the
orchestra during fifth period, but
those students not able to come every
day may attend three times a week,
Mr. Mustol states.

Whitford, Kathryn Bement, Jean
Rockwell, Clarence Compton, and
Mildred Johnson, who was on duty as
head usher every minute of every day
in the auditorium and contributed
greatly to the success of programs
there.

Not only these here mentioned but
all others who were asked to assist in
any way did so cheerfully and effi-
ciently, bearing out the reputation
that Santa Ana junior college stu-
dents have for efficient service.

—L. L. BEEMAN
